KS2 Areas of study: Work of artists A1 explore the work of a range of great artists, architects and designers and understand the historical and cultural development of their art forms. A2 evaluate and analyse creative works using the language of art, craft and design. Exploring ideas E1 create sketch books to record their observations and use to review and revisit ideas. E2 record and explore ideas from first hand observations, experience and imagination and ideas for different purposes E3 question and make thoughtful observations about starting points and select ideas for use in their work, recording and annotating in sketchbooks. E4 think critically about their art and design work. Drawing D1 work on sustained, independent, detailed drawings. D2 develop close observational skills D3 use a sketchbook to collect and develop ideas. D4 experiment with wet or dry media to make different marks, lines, patterns, textures and shapes within a drawing. D5 use different techniques for different purposes i.e. shading, hatching, blending. D6 develop drawing using tonal contrast and mixed media. D7 begin to use simple perspective in their work i.e. by using single focal point on horizon D8 begin to develop an awareness of composition, scale and proportion i.e. foreground, middle ground, background. Digital media DM1 explore ideas using digital sources i.e. internet, ipads DM2 record, collect and store visual information digitally DM3 present recorded visual images using software e.g. Photostory, Powerpoint	Autumn: Traditional, Imaginary, Natural, Made, Inanimate, Composition, Arrangement, Complimentary, Tonal, Shading.

To plan, design and make a papier maché sculpture with different media (a range of materials). To explore different styles of Graffiti/ Urban art- Banksy Digital art and murals around Anfield.	DM4 use a graphics package to import or create/manipulate images. DM5 create digital layered images from original ideas in sketchbooks 3D design • 3D1 shape, form, model and construct from observation and imagination • 3D2 use recycled, natural and manmade materials to create sculptures • 3D3 plan a sculpture through drawing and other preparatory work • 3D4 develop skills in using clay including slabs, coils, slips etc. • 3D5 produce patterns and textures in malleable materials. Painting • P1 develop a painting from a drawing. • P2 experiment with different media and materials for painting. • P3 create imaginative work from a variety of sources e.g. observational drawing, music, poetry. • P4 mix and match colours to create atmosphere and light effects • P5 identify, mix and use primary, secondary, complimentary and contrasting colours.
