

Spanish at Our Lady of the Assumption Primary School

Intention

The intention of the Spanish curriculum at Our Lady of the Assumption Primary School is that children are taught to develop an interest in learning other languages in a way that is enjoyable and stimulating. We encourage children's confidence and creative skills. We strive to stimulate and encourage children's curiosity about language. We help children develop their awareness of cultural differences in other countries. We strive to embed the skills of listening, speaking, reading and writing skills necessary to enable children to use and apply their Spanish learning in a variety of contexts and lay the foundations for future language learning.

Implementation

Our MFL curriculum is designed to progressively develop children skills in languages, through regular taught lessons. Children progressively acquire, use and apply a growing bank of vocabulary organised around topics. Children are encouraged and supported to develop their speaking and listening skills through conversational work, singing activities and games. As confidence and skills grow, children record their work through pictures, captions and sentences. **All our children will have regular language lessons.**

Impact

The learning challenges used, to plan and teach MFL, ensure that children are accessing work at age related expectations, with regular opportunities to be challenged through higher-level objectives. Children are assessed according to age related expectations in line with curriculum requirements. This is done in line with the school assessment calendar. This information is recorded and monitored by the co-ordinator.

Mrs. N. Frederick

MFL Lead.
